

SPORTS PHYSICAL EXAM
WAIVER

The South Carolina High School League the governing body for athletics in South Carolina mandates a sports physical be performed for athletic participation must be performed after April 1st of each new school year.

Our office understands this may not coincide with your child's well child check-up. Unfortunately, most insurances do not cover a sports physical exam, since there is not a procedure code (CPT code) for the service. Therefore, our office is offering to complete the Sports Physical Exam and Sports Physical paperwork for a charge of \$25.00.

If you agree to the service being performed by one of our physicians, please understand our office will not be filing a claim to your insurance company. The \$25.00 will be paid at time of service. Our office is unable to bill you for this service.

I agree to have the sports physical performed and paperwork completed for \$25.00. I understand that a claim will not be submitted to my insurance for this service. Payment is required at time of service.
